

Champions Together “In the Middle” School Assembly

Changing School Cultures for the Better!

Champions Together “In the Middle” is a unique partnership between the **Indiana Middle Level Education Association** and **Special Olympics Indiana**. Since 2013, the *Champions Together Assembly* has been embraced by more than 180 schools throughout Indiana.

The **Inclusion Revolution** will change the culture of your middle school by promoting *awareness, acceptance, respect, anti-bullying, and inclusion* of all persons with intellectual disabilities – including the students with exceptional needs in your own building.

Hosted by **Craig Tornquist**, this high energy program is uplifting and fun! Best known for his love of audience participation, Craig has delighted more than 3,000 school assembly crowds across the country. In this presentation, Craig will feature student leaders and volunteers to reinforce the Champions Together mission, as well as, highlight your plans for earning the **Unified Champion School** banner this year.

In the end, the message is that **servant leadership changes lives**. And every student CAN make a positive difference.

YOU can make a positive difference by bringing this assembly to your middle school. A limited number of **FREE** presentations are still available. Sign up now!
